OPERATOR

This Narrow Gauge Train is operated by "The Port Elizabeth Apple Express Section 21 Company - Not for Gain" (PEAE). Neither TRANSNET FREIGHT RAIL nor METRO RAIL is the carrier.

LOCOMOTIVE POWER

It is a requirement of Transnet Freight Rail that should the "Fire Danger Index" be too high, due to excessive hot, dry or windy weather, a steam locomotive will NOT be permitted to run and a Narrow Gauge Diesel locomotive will be used. The PEAE acknowledges this requirement by Transnet Freight Rail and reserves the right to make this change, should it be necessary, even at the last moment.
